Skills

Typescript, JavaScript

NodeJS, NestJS, ExpressJS

MongoDB, PostgreSQL, Redis

React, NextJS, Vue

Microservices, RabbitMQ

Ruby on Rails, Laravel

React Native, Flutter

GraphQL (Code-first)

AWS EC2,ECS,S3,SQS

Git, E2E and Unit Testing

AI Agents development

Senior Software Engineer with over 8 years of experience specializing in scalable full-stack architecture (Node.js, NestJS, Vue 3) and Agile methodologies. Proven expertise in integrating AI capability into production applications, utilizing autonomous AI agents, advanced prompt engineering, and Test-Driven Development (TDD) to automate complex engineering workflows. Strong proficiency in relational database design (PostgreSQL) and translating intricate requirements into high-performance, intelligent systems that drive operational efficiency and business success.

Work History

2024-07 -
Current

Full Stack Developer

Sanofi Healthcare India Private Limited, Hyderabad, India

- **Scalable Architecture:** Built a reliable, serverless AWS infrastructure (ECS/Fargate, SQS, S3) to support GxP-compliant pharmaceutical projects with 100% on-time delivery.
- **AI Integration:** Boosted engineering productivity by creating custom MCP servers and LangChain prototypes to automate complex tasks.
- **Full-Stack Development:** Developed a high-performance platform using NestJS, GraphQL, TypeORM, and Vue 3.
- **Modernization & Security:** Upgraded to Node.js 22 and Vue 3, refactoring legacy code to fix 90% of security vulnerabilities.

2023-06 -
2024-06

SDE-2

Tech Alchemy Studios Private Limited, Pune, India

- **Web3 Infrastructure:** Built custom Node.js and Temporal.io indexers to sync real-time Polygon data, integrated into a robust NestJS, Nx, and React platform.
- **App Optimization:** Improved performance and reliability by using TanStack Query, Web3 frameworks, and Docker-based AWS deployments.
- **Technical Leadership:** Led the end-to-end development of an NFT marketplace.

Certifications

2025-07
AWS Certified Cloud
Practitioner

Education

2022-12
**Master of Science -
Data Science:
Computer Science**
*Chandigarh University -
Punjab*

2018-07
**Bachelor of
Computer
Applications:
Computer Science**
*Rashtrasant Tukadoji
Maharaj Nagpur University
- Nagpur*

Personal Details

Date of Birth: 08/08/1995
Nationality: Indian
Marital Status: Married

Languages

English, Hindi and Marathi.

2021-12 -
2023-06

Senior Software Engineer

Avegen India Private Limited, Pune, India

- **Championed testing best practices for HealthMachine** , driving test coverage from **60% to 90%** to secure production deployments and minimize regressions.
- **Modernized legacy web and mobile codebase** using NestJS, Node.js, Ruby on Rails, React, and React Native to improve overall system stability.
- **Authored comprehensive architectural documentation** , establishing a centralized knowledge base that accelerated onboarding for new engineering hires.

2020-01 -
2021-12

Senior Software Engineer

Originating Motion Software Solutions Private Limited, Remote, India

- **Served as Technical Lead & SME for cross-functional teams** , bridging stakeholders and engineering to successfully deliver 3 high-priority projects.
- **Architected scalable full-stack applications** using Node.js, NestJS, Next.js, React, and Laravel, optimizing development lifecycles.

2018-08 -
2019-12

Software Engineer

Al Adil Trading CO. LLC, Dubai, UAE

- **Engineered a seamless data integration** between MS Dynamics GP and GoFrugal within a strict 2-month timeline.
- **Maintained and scaled adilstore.com** , utilizing Flutter for mobile apps and Python for backend microservices.

2017-07 -
2018-04

PHP Developer(Internship)

Global Education Limited, Nagpur, India

- **Developed core architecture for the Raisoni Group admission portal** , securely processing 1,000+ applications while modernizing 15+ PHP institutional websites to improve page load speeds by 50%.
